NUMBER 98.

BACKING UP MR. BAIZ.

Venezuela Called Down for Interfering With a Consular Agent.

FORCED LOAN DEMANDED OF HIM.

He Is Not a Citizen of the United States But as He Is in the Consular Service the Government Will Protect Him.

Washington, March 18.—The state department, through Minister Loomis, recently lodged a most vigorous protest to the Venezuelan government against further interference with Mr. Baiz, the United States consular agent at Barcelona, Venezuela. It knows nothing of the last reported infringement of his liberty, but it is presumed that the affair is connected directly with the troubles which led to the first protest. Ignatio M. Baiz is not a citizen of the United States, a fact that may add to the difficulty which this government will experience in protecting him, as it is determined to do. He was born in St. Thomas and is a Danish citizen so far as is known here, but having an exequatur issued by the Venezuelan government recognizing him as a United States consular agent the state department has decided that he is entitled to the protection of the United States government.

It appears that he is engaged in business and became involved in trouble with the Venezuelan military by resisting an attempt to collect a forced loan from him. More than a month ago the state department forwarded its instructions to Minister Loomis to represent to the Venezuelan government that these annoying interferences must cease, but so far no results have appeared.

Fowkes Claim Against Peru.

Washington, March 18.—United States Minister Dudley at Lima, Peru, cabled the state department that the government of Peru had offered to settle for \$1,440 the Fowkes claim, and he was immediately instructed to accept the offer. The claim originated in 1894. William Fowkes was an American merchant living at Tumbeze, and the military authorities subjected him to a forced loan and imprisoned him 24 hours. A claim was preferred against Peru for \$5,000. The claimant has expressed his willingness to accept Peru's offer.

Canal Conference.

Washington, March 18.—Secretary Hay had a long conference with Senator Morgan respecting Isthmian canal matters and the advisability of reopening negotiations for a treaty with Great Britain on the subject. The secretary is losing no opportunity of acquainting himself with the views of senators on this subject, and the conference with Senator Morgan is only one of nearly a dozen he has had on the same subject with leading senators and representatives since adjournment of congress.

Postal Information.

Washington, March 17.—The post-office department will issue next autumn a complete digest of postal information, under the terms of the last postal appropriation act. There is already a large demand and numerous inquiries are reaching the department. It is announced, however, that the contracts cannot be advertised for until after July, and that it will be a considerable time after that before the pamphlets will be available for free distribution at all postoffices in the country.

To Protect Secrets.

Washington, March 18.—In the case of the secretary and disbursing agent of the interstate commerce commission, the comptroller of the treasury has held that accounts for telegraph tolls must be accompanied by copies of the telegrams or by a certificate from the commission stating that the telegrams sent were of such a confidential nature that to file them with the auditor would be prejudicial to the public interests.

Supreme Court Recess.

Washington, March 18.—No decisions of great importance were announced by the supreme court Monday. Chief Justice Fuller announced that the court would take a recess March 25 for a fortnight. The opinion is quite general that the decision in the Porto Rican and Philippine questions will not be announced until after the recess is over.

Vendor Pays the Tax.

Washington, March 18.—The commissioner of internal revenue has held that where conditional warehouse certificates are sold and fully paid for the purchaser thereby obtains all rights that he could by purchase of unconditional certificates for whisky in bond, and the vendor is required to pay special tax as a wholesale liquor dealer.

SPANISH EXPERIMENT.

Will Try to Raise Coffee at Home Since Loosing the Antilles.

Washington, March 18.—So long as Cuba and Porto Rico were Spanish possessions the cultivation of coffee in the peninsula of Spain was forbidden. Under the changed condition the government shows a disposition to make no objection to an evasion of the law, which has practically become a dead letter, and according to a report received at the state department from United States Consul Ridgeley at Malaga, an experiment in a commercial scale for the home production of the bean is about to be undertaken for the first time in the province of Malaga, at the little village of Campanilla, five miles from the capital. Don Quirico Lopez, a rich wine merchant of Malaga, will begin by setting out from 20,000 to 50,000 coffee plants in his plantations there. Senor Lopez has already made some experiments, and is convinced that coffee can be advantageously grown in this province and elsewhere in Andalusia. Others who have examined the question say that there is not sufficient humidity in the Andalusian climate. Practical experiments on a large scale will be made and the result awaited with interest.

Cuba and Porto Rico formerly supplied Spain with nearly all her coffee. If coffee can be successfully cultivated in the province of Malaga, the consul says, it is believed that it will be generally grown throughout Andalusia.

LEADERS IN CONFERENCE.

Outlook For Meeting With Operators Is Not Encouraging.

Scranton, Pa., March 18.—President John Mitchell of the United Mine Workers of America and District Presidents Nichols, Duffy and Fahy, of the three anthracite districts of Pennsylvania, are in consultation here. They will take up the question of a conference with the operators on a wage scale and on instructions of last week's Hazleton convention, and hope to arrive at some plan whereby such a conference can be secured.

The present outlook is far from bright for a meeting of these interests, but another strike of the anthracite miners will not be declared unless the situation becomes such as to absolutely demand it. President Mitchell will remain in Scranton all week and will have conferences with old leaders.

Presented in Court.

London, March 18.—United States Ambassador Choate and the other ambassadors and ministers to Great Britain presented their credentials to King Edward at Marlborough House. Each member of the diplomatic corps arrived in a royal carriage drawn by two horses, and was attended by three royal servants attired in long scarlet cloaks. All the diplomats wore levee dress with orders and decorations with the exception of Ambassador Choate, who wore ordinary evening dress. The foreign secretary, Lord Lansdowne, introduced the visitors to the king, who was attired in a field marshal's uniform.

Railroad Changes Owners.

New York, March 18.—President A. B. Stickney of the Chicago and Great Western railway, states that the company purchased from the Great Northern railway all the outstanding stock and bonds of the Mason City and Fort Dodge railroad. The terms of purchase are not stated. The road will be held as a proprietary line of the Chicago and Great Western, and not incorporated into the system. The purchase includes the coal fields near Fort Dodge, owned by the Webster County Coal company.

British Ship Disabled.

Island of Ascension, March 18.—The British steamer Norham Castle, which sailed from Southampton March 2 via Madeira, for Port Natal with 337 troops and mails on board, has arrived here in tow of the British steamer Tongarito from London, Feb. 27, for Table Bay. The Norham Castle burst her cylinder when 500 miles north of Ascension Island.

Rockefeller Interests Absorbed.

New York, March 18.—It is reported that all the interests of John D. Rockefeller in the iron business, including mines, railways and lake transportation lines are to go into the United States steel corporation. These interests include the Lake Superior Consolidated Iron mines. The report is confirmed by J. Pierpont Morgan & Co.

Two Chinamen Beheaded.

Berlin, March 18.—A dispatch from Swatow says that on demand of the German consul at Swatow the district governor of Hsi Ning will be dismissed on account of his anti-Christian attitude and dilatoriness in dealing with German claims. Two Chinese participants in the anti-German riots have been beheaded at Ho-Ping.

Singapore, March 18.—The French troopship Vinh-Long is ashore near the entrance to this port. She is not believed to be in a dangerous position.

EXTENDING THE RULE.

Romblon Island Organized as One of Philippine Provinces.

AMERICANS GET PROVINCIAL PLACES.

Order Issued to Concentrate Natives in the Towns—Plan For Civil Government in the Archipelago Soon to Be Submitted.

Romblon, Island of Romblon, March 18.—The question of attaching the island of Marinduque to the Province of Taybos, discussed by the American Philippines commission since its arrival here, has been decided in the negative. The sentiment of the people was wholly in favor of forming a separate province. A population of 50,000 was represented during the discussions, and the commission has met in intelligent delegations from all the towns on the island.

There are 300 armed natives in the mountains of Marinduque, but otherwise the inhabitants are said to be anxious for the pacification of the island and to accept American sovereignty. Judge Taft has announced Captain Bandholtz to be chairman of the various committees of natives formed to organize municipal law in the towns of Marinduque. Judge Taft has promised that the commission will return and organize the province of Marinduque.

Major Smith, commanding the American garrisons on this island, has issued an order requiring all natives to live in the five principal towns where American troops are stationed. Those natives who continue to live in the country will be considered insurgents.

A few Filipinos have been killed or wounded near these towns recently, and their supplies destroyed.

This port will be the capital of the newly formed province, composed of adjacent islands. It is situated at the mouth of Deep Valley and has a splendid harbor. The people are thrifty and prosperous. Major Evan M. Johnson, Jr., of the Twenty-ninth volunteer infantry, will be governor, and Captain Albert S. Williams of the same regiment will be treasurer.

The American Philippines commission will soon prepare a recommendation to President McKinley on the character and form of the civil government to be established in the archipelago. The matter has as yet received only informal consideration.

Redmond's Protest.

London, March 18.—In the house of commons William Redmond, Irish Nationalist, gave notice that he would take an early opportunity of informing King Edward that he had no earthly right to use the title of defender of the faith. The argument came up on Mr. Redmond's question as to whether the title would appear on the new coins, and if so, what particular faith was meant. The chancellor of the exchequer, Sir Michael Hicks Beach, replied that so long as the king's titles remained unaltered they would appear on the coins. Then Mr. Redmond protested and was called to order.

Nailed Crosses on the Walls.

Buda Pest, March 18.—Serious disturbances occurred here between university officials and students in consequence of orders issued by the minister of instruction to remove all crosses from lecture rooms of the university. In spite of this the students gained entrances and nailed crosses to the walls. Officials commenced to remove the religious emblems, but were hustled and insulted by the students. Some of the latter, however, supported the officials and violent scenes ensued, and the lectures were suspended. The matter will be discussed in parliament.

Tax on Banks and Insurance.

Albany, N. Y., March 18.—Governor Odell has signed the bills passed by the legislature imposing a tax on insurance companies and taxing savings banks 1 per cent on surplus and undivided earnings. The insurance tax is 1 per cent on the gross amount of premiums received during the preceding calendar year by domestic companies. A tax of one-half of 1 per cent is imposed on foreign fire and marine companies. Fraternal and co-operative insurance companies are exempted from taxation by the bill.

Death of Mrs. McKinley's Aunt.

Canton, March 18.—President McKinley's special car from Indianapolis reached Canton at an early hour and was sidetracked until 7 a. m., when the president was driven to the Barber home to join Mrs. McKinley and her sister and family at breakfast. During the night Mrs. Harriet Saxton, wife of Mrs. McKinley's aunt, died in this city.

Madrid March 18.—The general elections will take place May 6 and the cortes will reassemble June 10.

DISASTROUS FIRES.

Property Destroyed and Lives Lost. Scorchers at St. Louis.

St. Louis, March 18.—A fire that originated in the ice house of the Anheuser-Busch Brewing company spread over a territory six blocks long and two wide, covered by dwellings, lumber yards and repair shops. Among the buildings destroyed are the ice houses of the W. J. Lemp and Anheuser-Busch breweries, lumber yard and repair shops of the Missouri Car and Foundry company, shops of the Standard Barrel company, Stubb Pickle and Vinegar company's plant, three two-story dwellings, five scattered cottages, buildings of the United States engineering department used for building and repairing barges for Mississippi river work, old stone arsenal used for the storage of United States army quartermaster supplies, South Side Hunting and Boating Club house and several bathhouses.

Sleeping Cars Burned.

Palatka, Fla., March 18.—The Pullman sleeping cars Tabita and Elmer, on a Plant system train from Tampa to Jacksonville, were completely burned at Buffalo, seven miles from this city. The sleepers were filled with sleeping tourists, and so quickly did the flames spread that there was practically no time for saving clothes or valuables. At the time of the discovery of the flames they had gained such headway that it was impossible to extinguish them and the train was run to Buffalo Bluff, where the burning cars were shoved onto a siding. Several passengers lost their clothing and personal effects.

Big Blaze at Pittsburg.

Pittsburg, March 18.—A fire which started in the boiler room of the Hiram W. French hair felt factory destroyed the property and extended to the main building of the exposition, which is a complete wreck, with a loss of \$1,000,000. Gallagher & Banker lost 1,000,000 feet of lumber, and Henry Houk lost 300,000 feet of valuable hard wood. The total loss will reach \$250,000. William Miller, fireman, was killed, and three other firemen were seriously injured by a nozzle coming in contact with a live electric wire.

Bismarck Badly Burned.

De Sota, Mo., March 18.—At Bismarck, 75 miles from St. Louis, one-half of the town burned, including the hotels, about 10 business houses and the Iron Mountain railroad station. All telegraph and telephone wires are down and communication is cut off. There is no fire department in town. Bismarck has a population of 750. It is reported several lives were lost.

Illinois Village Conflagration.

Joliet, Ills., March 18.—Minooka, a village of 600 inhabitants on the Rock Island road, about 10 miles west of Joliet, has had a conflagration. Joliet was appealed to for help and fire engines have left on a special train. The village is absolutely without fire protection. The entire western part of the town is reported destroyed.

Ohio Village Blaze.

Delaware, O., March 18.—Three residences and a dry goods store were destroyed fire at Stanton town, 12 miles from here. The fire started in the residence of Mrs. Davis. Loss \$5,000.

Chemicals Exploded.

Cleveland, March 18.—Explosion of chemicals in the National carbon works wrecked the building and burned the ruins. Two employes narrowly escaped being roasted. Loss \$100,000.

Preacher Goes to the Pen.

Springfield, Ills., March 18.—Rev. J. Forest Marston of Owensville, Ind., pleaded guilty in the United States district court to forging money orders and was sentenced to 18 years in the penitentiary. Marston had just served 18 months for using the mails with intent to defraud. He falsely represented himself as authorized by Clara Barton, president of the Red Cross society, to collect funds for the society for use in Cuba during the Spanish war in 1898, and secured a considerable sum in southern Illinois and southern Indiana by this means.

Presidents May Meet.

City of Mexico, March 18.—The Mexican consul at El Paso, Tex., Mr. Mallen, has returned from a three days' visit at Cuernavaca, where he had an interview with President Diaz. He says the president is in excellent health. There continues to be much talk here about President Diaz going to El Paso in order to meet President McKinley when the latter makes his trip to the Pacific coast, but there seems to be some doubt as to which government should take the initiative.

Washington, March 18.—Private John H. Schmidt, company A, Thirty-sixth volunteer infantry, was convicted by court martial at Lingayen of murder and was sentenced to death by hanging. The president has commuted the sentence to dishonorable discharge and confinement at hard labor for life at Fort Leavenworth, Kan.

BOTH WILL WITHDRAW.

Plan Proposed to Settle the Snarl Between Lion and Bear.

DIPLOMACY WILL SMOOTH FRICTION.

Too Much Stress Laid Upon the Incident at Tien Tsin—British Officials Endeavoring to Ascertain Russia's Designs in China.

London, March 18.—5:40 p. m.—On the highest official authority it is stated the difficulty at Tien Tsin between the Russians and British over the construction of railroad siding in territory claimed by both will probably be solved by the withdrawal of both the British and Russian troops from the ground in dispute.

There is a disposition here to think too much has been made of the Anglo-Russian incident at Tien Tsin, and a more hopeful view of the affair is taken. This is aided by the statement contained in Dr. Morrison's dispatch from Peking, which is taken to mean that the combined efforts of the interested powers are having the effect of causing St. Petersburg to check any tendency to undue aggressiveness on the part of the Russian representatives in China. The comments of the afternoon newspapers here repeat the views of the majority of the morning papers, namely that diplomacy will be able to smooth the friction.

Officials of the British foreign office have not yet received official confirmation of Russia's alleged breakdown in regard to Manchuria, Turkestan and Mongolia, and inquiries on the subject are being made at St. Petersburg and Peking. The British foreign office is not relaxing its efforts to secure a more satisfactory statement of the intentions of Russia, but the officials deprecate the British press agitation on the subject. On all sides it is officially and otherwise stated that Great Britain has not the slightest contemplation of resorting to hostilities against Russia, whatever may be the outcome of the present negotiations.

In the house of commons questions regarding the dispute at Tien Tsin were parried by the under secretary for foreign affairs, Lord Cranborne, in refusing to answer them without notice. William Redmond raised Nationalist cheers by asking why Great Britain had hoisted the white flag and backed down after threatening to use force of arms.

Ad Referendum.

Peking, March 18.—Little was accomplished at Monday's meeting of the foreign ministers on account of the delay of the various governments in agreeing to the conclusions reached in the matter of indemnity claims.

No minister is allowed full liberty to act for his government, all the instructions being ad referendum, subject to further consideration.

The court ceremonial on the reception of ministers was the subject of conversation, but nothing definite was decided upon.

Tien Tsin, March 18.—The Anglo-Russian dispute is unchanged. The French troops are quieter. Over 40 arrests have been made.

Harrison's Will.

Indianapolis, March 18.—Before the members of the immediate family of General Harrison leave the city a meeting will be held, at which the general's last will and testament will be read before it is probated. The will is in a bank safety deposit box with other private papers. General Harrison wrote the will in his own handwriting shortly before he left for Paris in the spring of 1899. No one knows the provisions of the instrument. It is surmised that the bulk of the estate is left in trust for his little daughter Elizabeth and for his grandchildren.

Catastrophe on a Ship.

New York, March 18.—By the explosion of an ammonia tank on the steamship New York 15 men were asphyxiated by the fumes, 2 fatally. Carl Eukoist, an American citizen, steerage passenger, and John Kent, steward of the vessel, were the victims and were buried at sea. The vessel broke a shaft.

PROTECTION FROM FIRE.

Where a city is able to pay for a modern fire department, and the proper municipal authorities fail to make the necessary provisions, they ought to be held responsible for criminal negligence. Cloverport, Ky., with a population of over 2,000, had only a "bucket brigade" to fight the flames when the fire started there last Thursday night and as a result the entire city was practically destroyed, entailing a loss of fully \$400,000, with only a little over \$100,000 insurance. It has been a costly lesson for Cloverport and her authorities will now no doubt "lock the stable door after the horse has escaped."

Other cities, too, should profit by Cloverport's misfortune. Here in Maysville our volunteer fire department has done splendid service in the past, but we believe all recognize that Maysville should be provided with a better, a more modern system for fighting fires. How often are a half dozen boys and one or two men seen trudging along our streets with a hose carriage, while the fire to which the department has been summoned may be gaining such a headway that it can only be checked after serious damage has been done. This should not be in a city the size of Maysville, and with our extensive property interests to protect.

In January last Colonel Johnson, formerly Chief Engineer of the Philadelphia Fire Department, and Inspector for the National Board of Underwriters, came to Maysville and made a thorough inspection of the fire apparatus of the city, and these are the recommendations made by him:

First—The Mayor of the city should be empowered to appoint a competent fireman, to act as a chief officer in full command of the Fire Department, and to receive suitable recompense for his services.

Two—The present force of volunteer firemen should be dispensed with, and the service reorganized by the appointment of ten call men at each of the present stations, they to receive partial pay for services performed while on duty.

Three—One permanently employed driver and horse should be placed at each of the Washington and Neptune Fire Companies' stations, to quickly convey the apparatus to fires.

Four—An improved electric fire-alarm system should be introduced, with at least ten fire-alarm street boxes and alarm-gong indicators at each station, the system to be connected to the alarm bell at the Washington Fire Company station, with automatic striking appliances.

Five—Longer length ladders should be obtained and carried on the truck located at the Washington Company fire station, or a modern built truck and ladders obtained for service in the business section, to enable the firemen to operate on upper floors of the highest buildings.

These are suggestions that demand serious consideration, and some of them should be adopted and carried out.

GET INSIDE.

Your Friends and Neighbors in Maysville Will Show You How.

Rubbing your back won't cure back-ache.

A liniment may relieve, but can't cure.

Backache comes from the inside, from the kidneys.

Doan's Kidney Pills get inside. They cure sick kidneys.

Here is Maysville proof that this is so:

Mr. W. L. Nicholson, of 14 Court street, employed by Russell & Sons, grocers, says: "The use of Doan's Kidney Pills by anyone who does much riding will help an aching back so quickly he will wonder greatly at the prompt and effective riddance of the trouble. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, on the advice of a friend and the results obtained were so satisfactory that it is a pleasure to recommend the remedy to others wherever opportunity is offered."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

FIRE NEAR STONELICK.

A Dwelling Belonging to George Sedden Destroyed Sunday Night. With Several Outbuildings.

A dwelling house belonging to Mr. George Sedden, near Stone Lick, was destroyed by fire Sunday night about 8 o'clock, together with a barn, corn crib and other outbuildings.

The house was known as the "Campbell King home." It is not known how the fire originated, as it was unoccupied, Mr. Sedden having moved only last week to Orangeburg. A tenant was to move into it Monday morning.

The loss on the house is about \$500, and on the other buildings a few hundred dollars more. The dwelling was insured in the Farmers' Home Mutual Aid, but as it was vacant there will probably be some dispute over the insurance.

Mr. W. W. Willocks, night clerk at the St. Charles Hotel, is able to be at his post of duty after an illness of three or four weeks.

Mrs. M. Archdeacon is receiving spring goods daily. Complete line of handsome patterns will be displayed in a few weeks. Corner Third and Market streets.

A well-founded Southern comedy-drama, based upon love, honor, political intrigue and personal worth, is the new play, "Private John Allen," to be seen next Monday night at the opera house.

The protracted meeting at Ashland Christian Church, conducted by Howard T. Cree, of this city, closed Sunday night. The house was packed to the doors at the closing service. The meeting proved very successful, the church having been strengthened in every way.

He is an able speaker and all should avail themselves of this opportunity to hear him. The public invited.

She gives to Mrs. Eliza Chalfant, Mrs. Clark and Mrs. Louella Robertson, sisters, Miss Belle Neville, Sue B. Orr and Mary E. Bayless, nieces, each \$1,000. John S. Orr, her nephew, she appoints executor of her will and gives him \$1,500 in full of his services. The home farm of 330 acres, she wills to her grandson, Philip Henry Orr.

Hon. A. M. J. Cochran is to make a talk at the First Presbyterian Church next Sunday evening on "The Trial of Jesus Christ, from a Lawyer's Standpoint." Mr. Cochran is one of the most learned and scholarly students and teachers of the Gospels in our State. He has been asked to give this talk to a larger audience. It should interest all, especially gentlemen of the bar, and he will no doubt be given a very large hearing.

David Washington, one of Dover's best known colored men, died last week. He was raised by the Claybrook family. The Messenger says: "Deceased enjoyed the honor of being the first victim of the great Black Diamond scheme, and he was the first man to walk up and put \$5 in the disappearing slot and receive a receipt for same. Dave honestly thought the Black Diamond was a go; but latterly he began to see that his V was a goner."

Mr. M. J. Donovan is formally announced in to-day's issue as a candidate for re-election to the office of Chief of Police. Mr. Donovan is serving his first term in this capacity and has a splendid record to his credit. It can be truly said that none of his predecessors was ever more attentive or more faithful and efficient in the discharge of his official duties than Mr. Donovan has been. The people of Maysville have made it a rule to give such officials a hearty endorsement in the shape of a second term and Mr. Donovan's friends feel confident the voters will make no exception in his case.

The Dress Goods Congress Convenes.

Not a day too early but early enough. We know you want to see what the spring of 1901 has to offer. If you buy now you will be glad when the bright April days find you prepared—no hurry or worry but leisure for enjoyment of the flowers and sunshine. Counters and shelves are groaning under the accumulating loads of new goods. Intelligent dress goods buying cannot be done if our stock is not consulted. This descriptive word of some.

\$1.65 Rainetta For \$1.25.

This splendid offering comes just when dozens of women are thinking of a new walking skirt for early spring. Made of thoroughly scoured wool that can be easily brushed—with the "body" that will hang correctly and hold its shape. It's a rain defier. We took all the jobber had after his orders were filled and can save you a third of the price. Black only.

ETAMINE

Is an open mesh material—as different as can be from an iron frame grenadine, which it most resembles. Is that statement clear? This new old friend has had various charming treatments and is one of the high class novelties of the season. Black only. 50c., 75c.

MELANGE

In gray and rose color, both beautiful shades. This is a slightly corded goods, like a very fine poplin. All wool of course and full 45 inches wide. A good deal for the money. 59c. a yard.

Remember, we'll quit selling when we quit excelling.

Mr. Edward P. Martin, aged fifty-four, a cousin of Captain John T. Martin of this city, died Sunday night at St. Joseph's Hospital, Lexington, after a brief illness, of appendicitis. He was operated upon about 7 o'clock and rallied well. Some time later, however, congestion set in and quickly reached the heart. His malady was pronounced one of the worst cases of appendicitis that has ever come under the observation of Lexington physicians. He had suffered from it for about five years. It became acute several days ago, and the operation was resorted to in the hope of saving his life. Deceased was a conductor on the Kentucky Central railroad for nineteen years, but for the last thirteen years was engaged in the laundry business at Lexington.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1899.
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

President James K. Patterson, of the State College, Lexington, has set aside a sum said to be \$50,000 for a library for that institution. Since the gymnasium and girls' dormitory are now under construction, the library is the only thing needed in the equipment of the institution. President Patterson is the oldest college President in America, and has a large estate, with no heir save his wife and brother.

The horse drawing Mr. Charles Wetzel's oil wagon frightened at a bicycle early this morning at the corner of Forest avenue and Commerce street, and made a bee line for the river. Mr. Wetzel had just left the wagon to deliver a can of oil and the animal had the outfit all to himself. Near Mathews' mill, the runaway started into Morrison alley, but overturned the wagon, badly wrecking it and emptying about twenty gallons of oil on the street.

Rev. F. M. Raine, Treasurer of the Foreign Mission Society of the Christian Church, received a check last week for \$5,000 from the executors of the estate of Dr. H. Gerould, a wealthy man lately deceased in Cleveland. Another of \$1,000 comes from Dr. G. W. Taylor, of Chicago. Kansas is represented by a \$500 gift from H. C. Rash, of Salina. A New York lady, who desires to be unknown, gives \$690, and a check for \$3,750 comes from the executor of the estate of Mrs. Annie Waters, of Pittsburg, Penn.

The part of "Old Si," the faithful old negro attendant, is one of the good character bits in "Private John Allen." A lady was recently commenting on the play, in conversation with Mr. Hanford. "It is a charming picture of life in rural Louisiana," she said. "But there is one point to which I must take exception. I can't believe that such servants as 'Old Si' exist anywhere. If the character was drawn from life, as Mr. Lee Arthur says, and he can find me the original, I will gladly pay the man a hundred dollars a month." "Private John Allen" will be the attraction at the opera house next Monday night.

Neither do I intend to. The fact is, I have just come to town; I am better prepared than ever to execute fine Plumbing work in my new location on Sutton street, Hechinger Building. If you contemplate having Plumbing work done it certainly will pay you to get my prices. For reference ask any of the twelve persons that I have put in a job of work just exactly like a first class job of Plumbing is done to-day in New York City. I have put in one of the largest jobs of steam heating in this part of the State. When the work was completed it was gone over by two experts. They came and congratulated me on the work. If I can execute a job of this kind I certainly can heat your homes satisfactorily and comfortably.
